

Healing the Creative Essence™

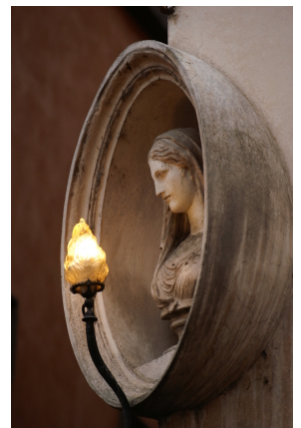

Reunite with Your Core Essence as a Loving, Sexually Healthy Being

Healing the Creative Essence™, HCE™, is a cutting-edge healing process aimed at clearing wounds of love and sexuality. From the comfort of his or her own home, a client is guided through a remote healing procedure that gently, yet profoundly helps to peel back and release the layers of wounds and trauma.

“Despite all of the counseling and other personal work I’ve done, I was still finding the sexual assault was haunting me as I tried to create a working relationship in my life. I can truly say, that I am moving on from that chapter of my life and have now connected with an amazing man. I appreciate your believing in me and the healing you provided.” Kristen, Realtor
